

Voltasites run in Mumbai Marathon 2009

Voltas volunteers registered enthusiastically for the dream run in the Mumbai Marathon 2009, in a cause taken up by Voltas' own internal trust, the Voltas Organization of Women, towards improving the quality of life of communities they have served for four decades.

The theme was '**Energy Conservation**', a fitting credo for an event in which runners strove to sustain their stamina over a gruelling test of endurance.
